Afferent: "To receive." In the body's nervous system, our sensory organs use the afferent pathways to transmit sensations from the outside to the brain. It is female in nature.

Ahava: אהבה: Love.

Ain Sof: אין סוף: Without end. The highest level of the Kabbalistic system.

Allowishing: This is a will that we use to allow things to be as we would love it to be. It is a Will that does not force or try to win. It is effortless and aligned with our heart's desire. "That which I wish to be, I allow myself to be."

Ashan: The civilization of creativity, colour, and music, related to the Kabbalistic World of Yetzirah. The terms Ashan and Hoova were taken from the book *The Only Planet of Choice*.

Assiyah: אסייה: The Kabbalistic World of Body and Form that became doubled from the Divine Body into the physical body after the Tree of Knowledge. (Earth element)

- Learn many neologisms depicting new concepts such as allowishing, Ganallisone, Frmee Will, Nabulous, and many Hebrew terms.

- Understand how the human brain creates a reality that is a reverse/mirror image illusion of the way things truly are.

. . . And it's filled with colorful pictures to provide you with a fuller understanding of the concepts of the book.

More Praise for The Last Four Books . . .

"The Last Four Books of Moses by Moshe Daniel, N.D. is the strangest book I have read since the first Five Books of Moses. Writing with chutzpah and brazenness so reminiscent of his prophetic ancestors, Dr. Moshe challenges us to re-examine our patterns and stirs us toward self-clarity. I RECOMMEND THIS BOOK TO ANYONE who feels ready to defy the linear way to which we have become so accustomed, and embrace instead the non-linear way that we have long ago lost to centuries of exilic acculturation.î
Rabbi Gershon Winkler, author,
Magic of the Ordinary: Recovering the Shamanic in Judaism

"I loved Moshe Daniel's take on the origins of belief systems and how to let them go. THIS BOOK IS AN INSPIRATION."
Barry Neil Kaufman, best-selling author, *Happiness is a Choice, Son Rise*

MOSHE GETS TO THE HEART OF THE MATTER. He calls on people of all faiths, and especially Jews, to renew their beliefs by returning to the source of their great traditions. This book calls into question the limits of scriptures and points to new possible horizons.î
John Bell, former Canadian and UN diplomat,
writer on Middle East issues

Moshe Daniel has a remarkable way of explaining complex and subtle concepts in a clear and concise way. The book WILL HAVE MANY REEXAMINING THEIR ENTIRE VIEW OF REALITY. It will help people to understand motivation, which in turn will help people to better deal with one another.î
Father James Sheehan, author, *The Father Who Didn't Know My Name*

Amazing insights into the Kabbalah. His original concept of 'The Circle of Nine' is equally powerful. The healing inherent in the circles is nothing less than miraculous. Within only a few days of working with the circles, THE LIVES OF PEOPLE WILL BE VASTLY CHANGED FOR THE BETTER.î

“I feel as though I have found ‘home.’

A new comfort in solitude.

Happy to be with who I am with.

More fun to be around than ever before!

Lighter on my feet and a pep in my step.

I have tapped into something, plugged into

A force, a strength, a fire.

A tuning in.

A turning in.

A tuning out.

It all makes sense to me.

All things I desired.

All things I deemed fictional.

A peace.

A serenity.

An Eden in my soul.

All a reality!”
